CHARTER OF HUMAN RIGHTS

Under the “PEACE” project

No: 562061-CITIZ-1-2015-1-BG-CITIZ-REMEM
Pleven, 03.05.2017

WE, PEOPLE FROM PLEVEN, OF ALL AGES

AND OUR PARTNERS FROM GERMANY, ROMANIA AND SLOVENIA,

with whom we worked side by side in the “Peace” project under the Europe for Citizens Programme,

We created and adopted unanimously this up-to-date Charter of Human Rights, based on the European Convention on Human Rights, and focusing on the most important human rights and freedoms and on today's particularly pressing issues posing a threat to the peace on the Old Continent.

FIRMLY RESOLVED

to protect our children and the children of our children from the horrors of the war,
to affirm our belief in the fundamental human rights, the dignity and worth of the human person, the equality between man and woman, and between all nations – large or small,
to promote social progress and a better standard of living with more freedom,

WE WILL STAND UP FOR

the right of every person to live in peace and freedom and to strive for happiness and prosperity

BECAUSE WE BELIEVE

that human dignity is inviolable and this applies to all European and world citizens,
that we need to feel tolerant to each other and to live together in peace as good neighbours,
that we can raise friendship over the interests.

YOUNG PEOPLE IN EUROPE

see and recognize the problem with the refugee wave from Syria and other crisis areas in the world. The UN Convention on Refugees, with its 1967 Additional Protocol, should be discussed today. The reasons for the emergence of the refugee wave must be publicly discussed by all members of the UN, measures which have a lasting effect must be taken.

A cohabitation of EU citizens with migrants and refugees should be created on a socio-political level by all member states. This requires not only solidarity, but constant dialogue and, most importantly, education.

LERNWERKSTATT EUROPA e.V.

Xenophobia and racism must not be allowed again. Through enlightenment, meetings and education, these trends must be counteracted. All right-wing populist movements and parties emerging across Europe must be firmly rejected.

The European Union has managed to bring peace and prosperity to the ruined continent and to unite people, demonstrating the senselessness of the barriers raised by countries. The single currency, the lack of border control, the full freedom of movement, the reliable unified standards for everyone in the EU are privileges to be valued.

Shared future is the best future!
